

Form 1095-C Request Information

IMPORTANT HEALTH COVERAGE TAX DOCUMENTS

The Affordable Care Act (ACA) requires certain employers, such as Oregon Freeze Dry, to offer health insurance coverage to all full-time employees. Form 1095-C includes information about the health insurance coverage offered to employees by the company.

Changes to Reporting Requirements

Recently, the Paperwork Burden Reduction Act (HR 3797) modified requirements of the Affordable Care Act (ACA) to reduce the administrative burden of ACA reporting requirements on employers. As a result, employers are no longer required to mail the Form 1095-C to all employees.
